Instructions: Use the space below to research the brands associated with the corporation you selected from the deck of cards in class. Then, research the company's current sustainability efforts. Using that information, choose one of the company's brands or the corporation as a whole and develop three suggestions for ways they can improve sustainability efforts.

Brands: In the space below, list the brands owned by the corporation selected from the deck of cards in class.

Sustainability Initiatives: In the space below, list the brand and corporation's current sustainability practices.

Sustainability Recommendations: On a separate piece of paper or in a presentation format, list three (3) suggestions for ways the corporation and its brands can improve its sustainability efforts.
